## Errors in Results and Table 2

Copyright 2024 American Medical Association. All Rights Reserved.

---

In the Original Investigation titled “Timing of Cholecystectomy After Moderate and Severe Acute Biliary Pancreatitis,”<sup>1</sup> published on August 23, 2023, the heading for the third column in Table 2 was erroneously written as “Moderately severe ABP only”; the correct heading is “Severe ABP only.” Also, the percentage of patients with postcholecystectomy mortality was incorrectly reported as 15.6%; the correct value is 15.5%. This article has been corrected.<sup>1</sup>
