# Correction: Mitochondrial phylogeny and taxonomic revision of Italian and slovenian fluvio-lacustrine barbels, *Barbus* sp. (Cypriniformes, Cyprinidae)

Giovanni Rossi<sup>1,2,3†</sup>, Federico Plazzi<sup>1\*†</sup>, Gianluca Zuffi<sup>1,2</sup>, Andrea Marchi<sup>1,2</sup>, Salvatore De Bonis<sup>4</sup>, Marco Valli<sup>1,5</sup>, Petra Marinšek<sup>6,7</sup> and Rosanna Falconi<sup>1</sup>

**Correction to: BMC Zoology (2021) 6:8**  
<https://doi.org/10.1186/s40850-021-00073-x>

Following publication of the original article [1], the link to the nomenclature act, which is made mandatory by the International Commission on Zoological Nomenclature (ICZN) for a species description to be valid, was accidentally removed.

We have therefore added the link and changed the section ‘Nomenclature acts’ from:

“The electronic edition of this article conforms to the requirements of the amended International Code of Zoological Nomenclature, and hence the new name

contained herein is available under that Code from the electronic edition of this article.”

to:

“The electronic version of this article is considered a published work according to the International Commission on Zoological Nomenclature (ICZN). Therefore, the new name contained in the electronic version is officially published under the ICZN code (see articles 8.5–8.6) alone. The work and its content have also been registered in ZooBank (<http://zoobank.org/>), the online registration system for the ICZN and can be accessed under <http://zoobank.org/urn:lsid:zoobank.org:pub:BE76B7A1-8FF7-4903-A1F7-9D52D03EAD83>.”

The original article [1] has been corrected.

<sup>†</sup>Giovanni Rossi and Federico Plazzi contributed equally to this work.

The online version of the original article can be found at <https://doi.org/10.1186/s40850-021-00073-x>.
