Data

Data available: Yes

Data types: Deidentified participant data

How to access data: vilija.jokubaitis@monash.edu

When available: With publication

Supporting Documents

Document types: None

Additional Information

Who can access the data: MSBase is a data processor and warehouses data from individual Principal Investigators who agree to share datasets on a project-by-project basis. Data access to qualified researchers can be granted at the discretion of each Principal Investigator. Contact the corresponding author for further details.

Types of analyses: Academic purposes only.

Mechanisms of data availability: After approval of a proposal, with a signed data access agreement, and with permission from each individual data controller.
