

# Mapping biosecurity legislation in small-scale pig/poultry/cattle farms

## Purpose of the questionnaire

Dear CFP,

With this questionnaire, we aim at two things. First we would like to get an idea of how small-scale pig/poultry/cattle farms are defined in your country by the legislation or by general use. Second, for each type of small-scale farm, we would like to map the presence of national legislation on biosecurity in your country. Furthermore, we would be very happy if you could also provide some numbers on the small-scale pig/poultry/cattle farms in your country.

For which country do you complete this survey? (open question)

...

## Defining different types of small-scale pig/poultry/cattle farms in your country

1. Does the legislation in your country define different types of small-scale pig/poultry/cattle farms?

Yes -> go to question 2

No -> go to question 3

2. Define each type of small-scale pig/poultry/cattle farm as stated in the legislation (open question). This definition might be based on the number of animals, (non-) commercial purposes, intensive/extensive,...

*Here an example is given*

*Name: self-consumption*

*Definition: animals exclusively kept for family consumption, with a maximum production of 3 beef cows or 5 veal calves per year.*

a. Name:  
Definition:

b. Name:  
Definition:

c. Name:  
Definition:

d. Name:  
Definition:

e. Name:  
Definition:

3. Define each type of small-scale pig/poultry/cattle farm that is used in your country but not stated in the legislation (open question). This definition might be based on the number of animals, (non-) commercial purposes, intensive/extensive,...

a. Name:  
Definition:

b. Name:

#### **Mapping national legislation on biosecurity in small-scale pig/poultry/cattle farms**

4. Do you have national legislation dealing with biosecurity measures that should be taken in **small-scale** pig/poultry/cattle farms?

Yes

No

5. If yes, for which types of small-scale pig/poultry/cattle farms do you have national legislation on biosecurity? List them below (open question):

...

6. Is it mandatory by law to assess the biosecurity on the small-scale pig/poultry/cattle farms on a regular basis?

*e.g. as part of a yearly national control program*

Yes

No

If yes, give some extra information on this biosecurity assessment (open question)

....

**TO DO:** For each type of small-scale pig/poultry/cattle farm for which you have national legislation dealing with biosecurity, you must complete a different sheet in the Excel document called '**Excel small-scale pig/poultry/cattle farms**'.

**Number of small-scale pig/poultry/cattle farms in your country.**

If you have data on the numbers of small-scale pig/poultry/cattle farms in your country, please provide them here together with a reference. (open question)
