

Supplemental online material

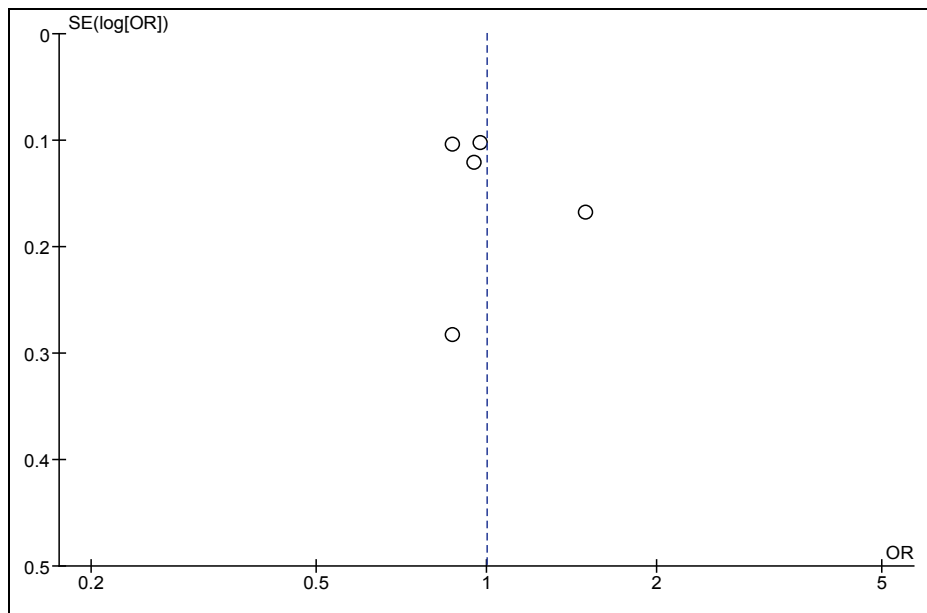

Supplementary online Figure S1. Funnel plot displaying the odds ratios (ORs) from individual comparisons versus their precision (1/standard error - SE). Risk of severe/lethal COVID-19 of ACE inhibitors users, versus non users.

Supplementary online Figure S2. Funnel plot displaying the odds ratios (ORs) from individual comparisons versus their precision (1/standard error - SE). Risk of severe/lethal COVID-19 of ARBs users, versus non users.

Supplementary online Figure S3. Funnel plot displaying the odds ratios (ORs) from individual comparisons versus their precision (1/standard error - SE). Risk of severe/lethal COVID-19 of ARBs or ACE inhibitors users, versus non users.

Supplementary online Figure S4. Funnel plot displaying the odds ratios (ORs) from individual comparisons versus their precision (1/standard error - SE). Risk of lethal COVID-19 of ARBs or ACE inhibitors users, versus non users.
