

Patient 1

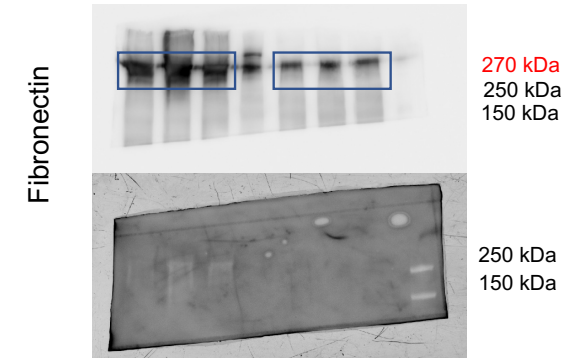

Small-EVs derived from primary cell culture

Lysates from primary cell culture

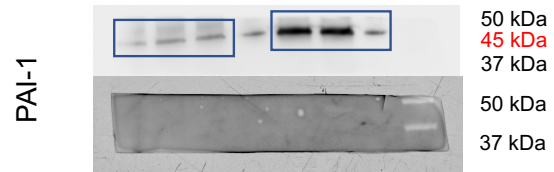

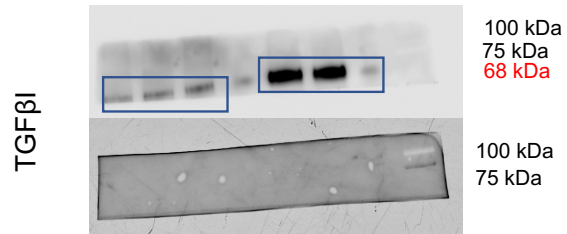

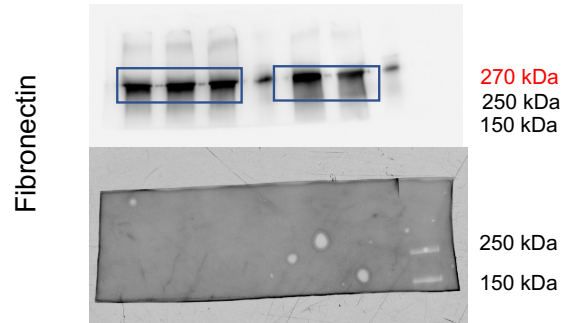

Small-EVs derived from bulk ascites fluid

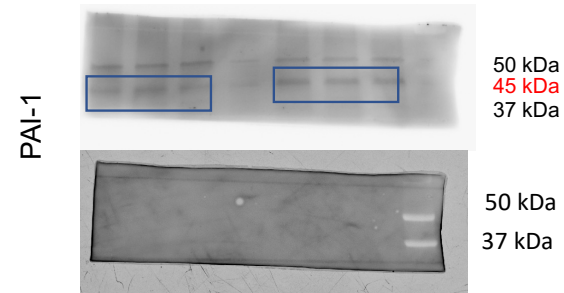

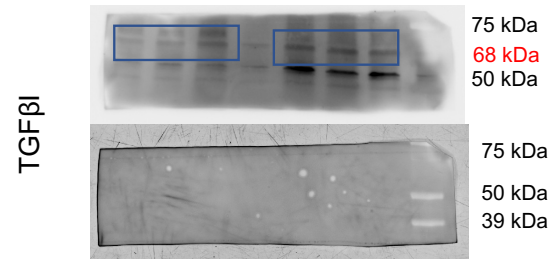

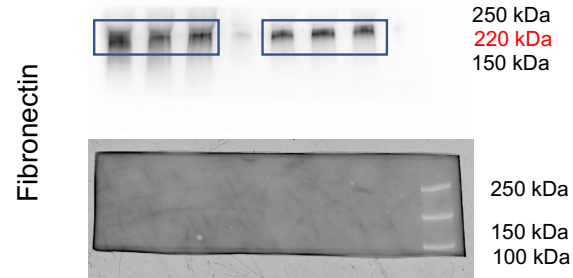

Patient 2

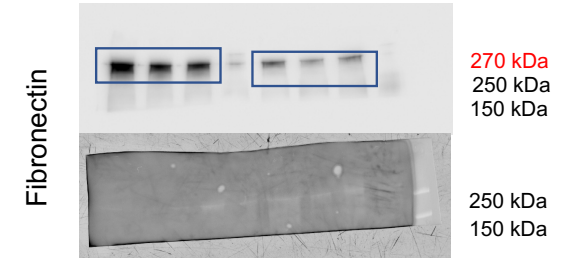

Small-EVs derived from primary cell culture

Lysates from primary cell culture

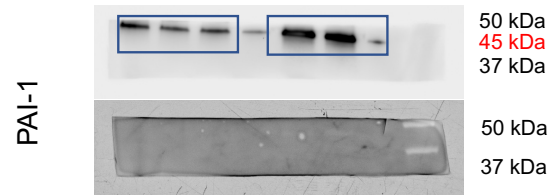

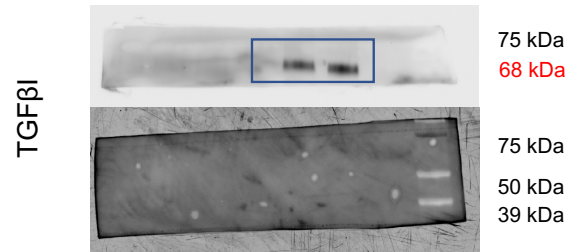

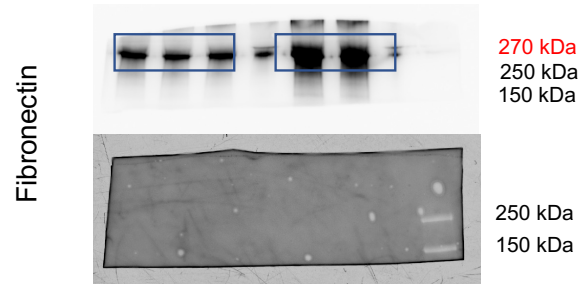

Small-EVs derived from bulk ascites fluid

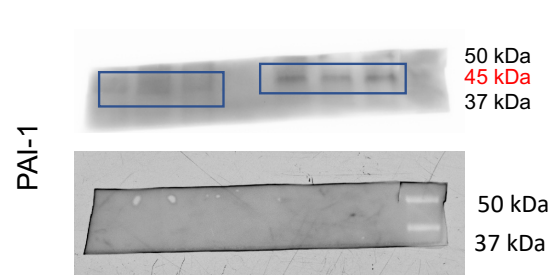

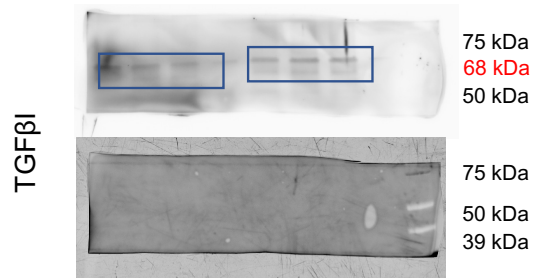

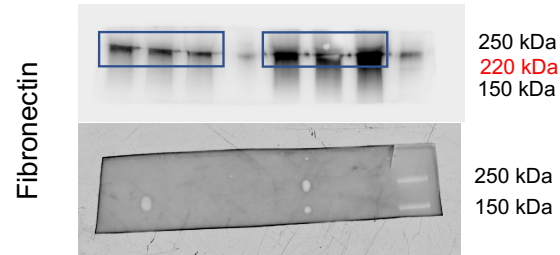

Patient 3

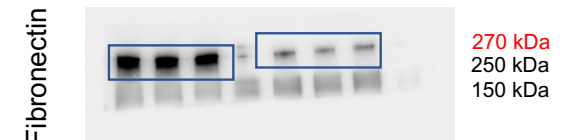

Small-EVs derived from primary cell culture

Lysates from primary cell culture

Small-Evs derived from bulk ascites fluid

Cohort of patients before and after chemotherapy
