

Example Powerpoint slides used in Session 4

Talking about Feelings

Help your child understand feeling words like '**happy**', '**angry**' '**worried**', '**sad**', by highlighting the characters' **expressions**, and linking them to their feelings

You could say: *"Look at his face: the little monkey looks so sad!"*

You could say: *"The monkeys have great big smiles, they look very happy!"*

Making Links about Feelings

Make **links** between the feelings of the book characters and **your child's own experience**

So you could say:

"Yes. The monkey is sad because he is all on his own"

*"Can you remember when you felt sad?
What made you feel sad?"*

"Were you sad when granny went away?"
