To Whom it may concern.

As co-editor of the volume, *A Pragmatic Agenda for Healthcare: fostering inclusion and active participation through shared understanding*, Amsterdam/Philadelphia/New York, John Benjamins, 2023, edited by Sarah Bigi and Maria Grazia Rossi, I confirm that the chapter by Caronia, Letizia; Ranzani, Federica; Colla, Vittoria, *Pursuing understanding or engaging the patient? "Making the body speak" as a dilemma-overcoming practice in triadic primary care visits with unaccompanied foreign minors*, pp. 144-170 (PRAGMATICS & BEYOND. NEW SERIES), has undergone a process of double-blind peer review.

Sincerely,

A handwritten signature in cursive script that reads 'Sarah Bigi'.
